Attendance:	Christopher Gärtner	Head of the Student Council
	Archisman Bhowmik	Second Head of the Student Council
	Joel Lidén	Student Council Secretary
	David Wadström	Class Rep. C1
	Max Langreiter	Class Rep. D1
	Maja Blomgren	Class Rep. C2
	Tim Johansson	Class Rep. C2
	Annie Predel	Class Rep. D2
	Hanna Arendt	Class Rep. C3
	Julius Herrmann	Class Rep. VR/AR1
	Josef Selander	

§1	HDMO	Head of the Student Council Christopher Gärtner declared the meeting opened at 12:15.
§2	Time and Place	Time and place was submitted late, which will be improved for future meetings.
§3	Approval of Agenda	The meeting decided to approve the agenda
§4	Approval of Last Meeting Protocol	The meeting decided to to approve the protocol from 2025-12-17 .
§5	Information from external Representatives	The Program Board - An upcoming meeting will be held to decide future courses. Studentprat, an event held last year, was deemed successful. The conversations were fruitful and therefore the program board would like to talk twice every reading period. Some SRD meetings would be replaced by student talks. EIT - No info regarding meetings.
§6	Finished Courses	D1 - Completed Introduction to Programming, <i>EDAB05</i> and Calculus B2, <i>FMAB70</i> . A meeting will be held next week with Archisman representing D1. C2 - Same as for D1. C2 - Communications system, <i>EITA55</i> , from Lp1 will have a CEQ meeting next Thursday. Nothing of note for the completed LP2 courses apart from interaction design having very open ended questions which made it difficult to judge how thorough the answers should be. D2 - Design of Digital Circuits, <i>EITF65</i> - The exam ran into issues since the practical questions could not be completed due to software issues. The exam will be moved to safe exam browser

in April for the re exam period which hopefully works better.

D3 - Business of software is still a course in need of improvements. Otherwise, nothing of note.

VRAR - No major complaints regarding the prior completed courses.

§7 Ongoing Courses

- C1: The lecturer for Cognition and Interaction Design, MA-MA20 seems good.

- D1:

Photonics, FAFA60: This is the teacher's first course and it is promising so far. Different from previous year is that the course is held in English.

- C2:

Computer security, EITA25: The course has no exam and instead focuses on projects and quizzes. Some deadlines were not visible outside of checking out the project. Despite the course being said to be a Swedish course, it has very much been in English, which is something that could be changed in the future.

- D2:

Computer Organization, EITF70: An interesting course with four mandatory mini exams, held in a teaching room (VA) with safe exam browser. Given enough points you automatically pass the course without taking the exam. No aids are allowed outside of the course book.

Linear systems, FMAF10: The teacher seems passionate about the subject.

- C3:

Courses have started, nothing special of note.

- D3:

Computer security, EITA25: Signing up for labs is done in an open google spread sheet. The system feels potentially unsafe and difficult to manage.

- VR/AR:

As known from previous years, this course block has a heavy workload which is difficult to manage with many parallel group projects.

- Other courses:

Nothing of note.

§8	Dismissal of Volunteers	No one to dismiss.
§9	Nominations and other Electoral matters	<p>The following positions are still vacant:</p> <ul style="list-style-type: none">• Class Representative C3 <p>If you want to run for any of the positions, it is possible to do so during any ordinary SRD-meeting.</p>
		<p>The meeting decided</p> <p>to elect Joel Lidén as Secretary for SRD mandate 2025-07-01 til 2026-06-30.</p>
§10	Other Matters	<p>We should have access to microsoft office using our LU accounts.</p> <p><i>Fill out your CEQs from last year's courses.</i></p>
§11	HDMC	<p>Head of the Student Council Christopher Gärtner declared the meeting closed at 12:41.</p>
