

## Student Council Meeting Protocol 2026-03-25

<b>Attendance:</b>	Christopher Gärtner	Head of the Student Council
	Archisman Bhowmik	Second Head of the Student Council
	Joel Lidén	Student Council Secretary
	David Wadström	Class Rep. C1
	Fahed Al-Yassiri	Class Rep. D1
	Annie Predel	Class Rep. D2
	Filip Af Klinteberg	Class Rep. D3
	Julius Herrmann	Class Rep. VR/AR1

- §1 HDMO Head of the Student Council Christopher Gärtner declared the meeting opened at 12:19.
- §2 Time and Place Time and place was approved.
- §3 Approval of Agenda The meeting **decided**  
to approve the agenda
- §4 Approval of Last Meeting Protocol The meeting **decided**  
to approve the protocol from **2026-02-25**.
- §5 Information from external Representatives Skyddsronnd: People who did the D-compass were contacted. Comments such as "TAs acted inappropriately" should be reported as *individuella ärenden* under *om något händer*. Traditionally this has been done by the Student Safety Representative (studerandeskyddsombud) but as they have not been informed, this is preferably done by people filling out the CEQs.
- Approving the course plan: Some courses have very unspecific prerequisites which should be clarified, such as for hardware hacking.
- §6 Finished Courses CEQ - Interaction Design, MAMN25: While the meeting was good overall, it is unclear if the feedback will actually result in any major changes.
- Since the CEQ information is given in English, some respondees default to English even if they could express it better in Swedish. Annie forwarded the issue.
- §7 Ongoing Courses
- C1:  
Everything going Well.
  - D1:  
Everything going well so far.
  - C2:

No one present.

- D2:

Functional Programming, *EDAN40,EDAF95*: The Assignments were not posted until yesterday evening. The course responsible has applied for funds to automate the exercises on moodle. Around 100k sek was granted, while the the actual exercises on moodle are so far non existent.

- C3: No one present.

- D3:

Courses seem pretty chill.

- VR/AR:

Universal Design, Theory and Project *MAMF45*: The course incorporates a huge presentation together with theory and a group project with industrial design students. An issue is that the projects in general does not include VRAR, leaning heavily to industrial design instead. The theory part is very light and could be more productive. In summary, the course has to be altered to cater more to students from VR/AR or removed from the program entirely.

- Other courses:

Nothing special of note.

§8 Dismissal of  
Volunteers

No one to dismiss.

§9 Nominations and  
other Electoral  
matters

The following positions are still vacant:

- Class Representative C3

If you want to run for any of the positions, it is possible to do so during any ordinary SRD-meeting.

No nominations or other Electoral matters.

§10 Other Matters

Fill out your CEQs!

CEQs - Is there a deadline? [ceq.lth.se](http://ceq.lth.se) under Arbetsgång/Tidsplan. 21st of April is the deadline for lp3 courses.

Extended Reality, *MAMN65*, is one of the few courses to have physical, paper, CEQs.

Starting next meeting, SRD meetings will no longer offer fika due to budget cuts.

§11 HDMC

Head of the Student Council Christopher Gärtner declared the meeting closed at 12:41.

Recording Secretary

Adjustments

Joel Lidén  
Student Council Secretary

Christopher Gärtner  
Head of the Student Council
